Part A: Pupil premium strategy plan

Statement of intent

Identified barriers to educational achievement

Maslow's Hierarchy of school needs outlines the essential needs that are required for positive learning.

A child's availability to learn depends largely on their motivation, a personal desire to achieve results and improve their knowledge, regardless of the material being studied, is one of the most important factors in our ability to learn.

a. Self-actualization / Motivation to learn

- A lack of motivation is a major barrier to a child's learning, as without the desire to achieve there is no desire to learn
- Previous negative experience of education, first hand or parental impacts on levels of motivation and attendance

b. Esteem needs / Self-esteem

- Low levels of language and skill impacts on levels of esteem and worth

c. Belongingness / Relationships

- A lack of positive relationships with peers and adults impacts on engagement and learning

d. Safety needs / Emotional safety

- Low levels of confidence and the ability to take risks impacts on learning

e. Physiological needs / Physical wellbeing

- Acceptable living and sleeping conditions impact on children's learning
- A balanced diet, and regular nutritious meals impact on children's readiness to learn

Our ultimate objectives are that disadvantaged pupils achieve as well, if not better than other pupils.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	To improve consistency in approach of teaching and learning across the school, resulting in raised attainment and progress
2	To improve resourcing in literacy and numeracy, particularly in reading
3	To improve achievement and participation for disadvantaged pupils
4	To close the gap between levels of attainment and National Expectations, for disadvantaged pupils
5	To remove barriers to learning for disadvantaged pupils, resulting in raised attainment and improved levels of progress

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria																		
The proportion of disadvantaged pupils achieving in core subjects is in line with our exceeding national averages Teachers access outstanding CPD to improve their practice. A comprehensive training programme enhances the knowledge and skills of support staff	<u>Targets for:</u> <u>Phonics</u> Year 1 - 92% Year 2 – 95% <u>Multiplication Tables</u> Year 4 – 90%																		
Focused spending will provide high quality resources to enhance outstanding teaching which will achieve outstanding achievement and progress	<u>Year 6 -</u>																		
Clubs, extended activities will focus on wellbeing, self-esteem and confidence creating pupils who believe they can achieve	<table border="1"> <thead> <tr> <th>Year 6</th> <th>WA+</th> <th>GD</th> </tr> </thead> <tbody> <tr> <td>Reading</td> <td>97%</td> <td>31%</td> </tr> <tr> <td>Writing</td> <td>93%</td> <td>27%</td> </tr> <tr> <td>Maths</td> <td>95%</td> <td>29%</td> </tr> <tr> <td>SPaG</td> <td>95%</td> <td>42%</td> </tr> <tr> <td>Combined</td> <td>92%</td> <td>25%</td> </tr> </tbody> </table>	Year 6	WA+	GD	Reading	97%	31%	Writing	93%	27%	Maths	95%	29%	SPaG	95%	42%	Combined	92%	25%
Year 6	WA+	GD																	
Reading	97%	31%																	
Writing	93%	27%																	
Maths	95%	29%																	
SPaG	95%	42%																	
Combined	92%	25%																	
Quality First Teaching, focused interventions, 1:1 tutoring and rigorous data analysis will ensure a robust programme that will allow pupils to 'catch up and keep up'																			
To develop relationships with pupils, parents, carers and the wider community to problem solve barriers that impact on learning for disadvantaged pupils																			

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £43,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Teaching and learning consultants for English and Maths	All teachers will develop more effective practice, resulting in improved attainment for all pupils. Planning and teaching continues to be developed in literacy and mathematics. Improved monitoring structures have been implemented focusing on areas for improvement Strategies/approaches have been demonstrated and observed ensuring consistency of approach across the school.	3
CPD from outside consultancy	Training and professional development improves the skill set of teaching and support staff, enabling them to provide stimulating and challenging lessons for all children. (ICT, English, SEND)	3
Small group tutoring	Additional intervention and support for those children needing to make accelerated progress, in order to meet targets and make better than average progress. Additional intervention and support for those children in KS2 needing to make accelerated progress, in order to meet targets and make better than average progress.	3
